Dear Brad,

On behalf of the Board of Directors and management we wish to express our sincere appreciation to the folks at Staker Parson.

Your lasting support of the Weber County Fairgrounds continues to improve our wonderful facility, which surely helps our efforts to draw future and sustainable events, to the Golden Spike Event Center. With your help and donations, the GSEC propels activity and business, in our community.

Your select sand is an excellent supplement to our world-class Race track. Many thanks for your commitment and continued support of our Facility and community.

Respectfully yours,
